Wood Cleaning Made Simple!
**Minwax® Hardwood Floor Cleaner**
Specially formulated to help maintain the natural beauty of hardwood, pre-finished and laminate floors. Unlike many other surface cleaners, it safely removes dirt, grease, and grime without leaving any residue. Ready to use – no diluting or water required!

**Available sizes:**
32 oz. bottle, 64 oz. refill bottle

**Minwax® Wood Cleaner**
Great as a quick and easy cleaner for cabinets, furniture, doors, paneling, painted wood and trim. It can be used to clean all unwaxed interior wood surfaces in the home.

**Available size:** 32 oz.

**Minwax® Hardwood Floor Care System**
Minwax® Hardwood Floor Care System makes cleaning simple! For use on hardwood, pre-finished and laminate floors. Cleans floors easily without leaving any streaks or dulling residue. System includes:

- Minwax® 32 fl. oz. Hardwood Floor Cleaner
- Machine washable SmoothGlide™ Microfiber cleaning pad
- Mop with multi-pivot head
- Sturdy 3-piece pole for easy application

**Minwax® SmoothGlide™ Microfiber Cleaning Pad**
Use wet, with Minwax® Hardwood Floor Cleaner and Floor Care System, or dry, to trap dirt, dust and allergens. Environmentally friendly as it is reusable and machine washable. For lasting results, wash in warm water, do not use bleach or fabric softeners and air dry or tumble dry on low.

**NOTE:** Minwax® Hardwood Floor Cleaner and Minwax® Wood Cleaner spray are not for use on oiled, waxed, bare or unfinished wood.

Wood Cleaning Made Simple!
Floor Care Tips

- Use Minwax® Hardwood Floor Cleaner as part of your regular cleaning routine.
- Use doormats or area rugs by door entries to help prevent dirt from entering the house.
- Wipe up food and beverage spills immediately.
- Install soft adhesive pads on furniture legs to protect floors.

Frequently Asked Questions

Q. What are the advantages of using Minwax® Hardwood Floor Cleaner and Minwax® Wood Cleaner?

A. Both cleaners have been specially formulated for use on hardwood, pre-finished and laminate floors, finished kitchen cabinets, furniture, moldings and other wood surfaces. Unlike other surface cleaners, Minwax® Hardwood Floor Cleaner and Minwax® Wood Cleaner are designed to clean wood surfaces without leaving streaks or a dulling residue, which all-purpose cleaners may leave.

Q. How do I apply Minwax® Hardwood Floor Cleaner and Minwax® Wood Cleaner?

A. Minwax® Hardwood Floor Cleaner can be applied with a mop or a cleaning pad. The Minwax® Hardwood Floor Care System provides everything needed to clean floors. When cleaning other wood surfaces with Minwax® Wood Cleaner, use a clean, damp sponge or cloth.

Q. What happens if Minwax® Wood Cleaner is accidentally used in excess on oiled, waxed or raw wood surfaces?

A. Minwax® Wood Cleaner will not permanently damage wood. If the product is accidentally left on a wood surface finished with wax, the finish may turn white, as it would if water were left on it for a long period of time. Depending on whether the surface has oil, wax or is bare wood, always clean up the excess, buff the surface and then reapply either an oil finish or wax to protect the area, using fine steel wool.

Simple Do’s and Don’ts to Protect the Wood in Your Home:

DO...
- Vacuum or sweep hardwood floors regularly to remove dirt and grit, which will wear down the finish.
- Place rugs both inside and outside exterior doors for people to wipe their shoes.
- Clean the outside surfaces of your kitchen cabinets often, as the grease and oils that accumulate around knobs and pulls will eventually soften and damage the wood’s finish.

DON’T...
- Delay making needed repairs. Left unchecked, small problems can soon become large ones.
- Allow water to remain in contact with wood for extended periods of time, as it can penetrate the finish and leave permanent stains in the wood.
- Under-estimate the bleaching power of the sun. Close your window coverings during peak sunlight periods, and rearrange your wood furniture to prevent long-term damage.
Minwax® Hardwood Floor Reviver

After your hardwood floors are sparkling clean, it’s time to revive them! Use Minwax® Hardwood Floor Reviver to renew the beauty of hardwood floors that are dull, scratched or showing signs of wear.

• Easy one-coat application, no sanding or special preparation required
• Can be reapplied every 3-6 months to keep floors looking beautiful
• Great for spring cleaning or before entertaining company
• Water-based formula, available in high- and low-gloss sheens

NOTE: Minwax® Reviver is not recommended for use over unfinished, newly finished, waxed, oiled, pre-finished or laminate floors.
